

CANNABIS

TAILORED RISK & INSURANCE SERVICES FOR THE CANNABIS INDUSTRY

Despite the controversial and ever-changing regulatory environment, the cannabis industry is growing more rapidly than any other business segment today. With that growth comes a wide range of challenges that require an educated and proactive approach to risk management, specific to the risks associated with all aspects of the cannabis industry.

The industry professionals at Industria Risk & Insurance Services have a clear understanding of Cannabis operations and the many unique insurance coverage limitations and exclusions that can leave your business exposed and your future in doubt. We offer tailored insurance and risk consulting services that enable you to focus on the business of maximizing growth and profits.

WE CAN INSURE

- Retail Stores
- Cultivation Facilities
- Testing Facilities
- Product Manufacturing Facilities
- Processors
- Distributors
- Laboratories
- Couriers

WHAT'S IN IT FOR YOU?

You get a bespoke insurance solution that fits your needs—a customized way to insure your risk and insurance needs are covered, giving your consumers and vendor partners the peace of mind required to maintain those partnerships. Our experts will carefully examine your needs and work closely with you to develop creative solutions for new programs or expand upon existing ones. All while helping you reduce costs and increase revenue streams.

You get a total cost of risk solution that drives positive financial returns through the use of proper safety and security measures while providing five star service for your unique cannabis

operation. Your risk and insurance solutions can be designed to achieve the necessary coverage enhancements and cost savings you deserve.

STREAMLINED EFFICIENCY

We use cannabis specialists as your day-to-day service team who are truly experts in understanding your risk and insurance needs.

SAFETY AND LOSS CONTROL

The Industria Risk & Insurance Services team provides an unmatched approach to address all of your safety and security needs, loss prevention and lost cost reduction strategies, including but not limited to:

- Providing assistance in the reduction of loss frequency and severity to improve operational efficiency and enhance insurance program terms and conditions
- Developing cost-effective, outsourced training and education services to enhance the technical knowledge, skills and credentials of your staff
- Providing tools to evaluate the cost-effectiveness of your loss control program efforts and communicating them to the insurance marketplace
